candidate for sheriff on the Republican ficket this fall, it may seem strange but nevertheless it is so, that there will be a gentleman heading the menagerie of Republican office seekers.

The Republicans coming through the country the other day, caused such a disturbance in the atmosphere that two men lost their lives. Talk about putting such men in office. It would be worse than a cholera epidemic.

Major McClaughrey, warden of the Joliet (Ilis.) Penitentiary, announced at the Republican Committe meeting: "That portion of Joliet which I repre sent is solid for Cleveland!"-Lealer.

Come pretty near calling that Major McCaffrey, Wonder if that is where the Major got his title from-the Joliet penitentiary?

Now that that intellectual young cyclops, Col. Geo. P. Q. Pritchard, has publicly proclaimed that "he never feit so kindly to the benighted Iri h," we may look for such extraordinary animation among the Irish potatoes in these parts that the price thereof, owing to the super-abundance, will be about as insignificant this fall as the vote for the Republican candidate for

Ward Beecher.

We publish another communication from Penasco, this week, in answer to Henry's letter. We will not, under any circumstances, publish any more letters of the same nature. It may lead to serious trouble, and it is not news. We are in receipt of several circutars, both in Spanish and English, from Mr. Paul Langhammer, our United States Commissioner to the World's Exposition. Our Commissioner asks for \$8,000, by private subscription, to be used in building and arranging suitable quarters for New Mexico's exhibit. The sum of \$1,500 has already been contributed by one party, and it is thought there will be no great trouble to secure the remaining \$6,500. All contributions, no matter how small, will be thankfully received and receipted for by Mr. Langhammer, at his home at Los Cerrillas, N. M. Let us all help in this good work.
